

INFRASTRUCTURE

Lodging, Offices, Utilities and More

At **FRG**, our goal is to create the most comfortable, home-like environment possible for your crews. Since we're typically setting up in a parking lot or on an airport tarmac, that means we bring everything.

Lodging

FRG offers the comforts of home to hardworking crews. Sleeping quarters tents are carpeted, heated or cooled, and each cot is fitted with bedding and a pillow. Our camps are always laid out to offer convenient access to showers, dining tents and restroom facilities.

- Lodging Tent
- Bunk Bed Trailer - Individual Bunks
- Climate Controlled Structure Tent
- Pole Tent
- Dining Tent

Logistical Facilities

In addition to comfortable lodging, **FRG** provides office, communications and supply solutions to help streamline the operations of your disaster recovery efforts.

- Mobile Communications
- Remote Offices
- Supply Store
- Modular Office Units

Utilities and Additional Equipment

Basics like water and power are essential, but we can also source additional equipment as needed, such as full-service laundry facilities

- Water Tanker
- Lighting and Power
- Mobile Generators
- Light Towers
- Heating and Air Conditioning
- Full-Service or Self-Service Laundry
- Long Reach Forklift
